[Announcement]

Hey guys, this post may LOOK like Becky wrote it but in fact, she is currently being possessed by me! Mario! I'm one of the admins who knows all of Scholastic's secrets. Including some that might interest all of you about some of our current projects
We're currently super excited about the TWELFTH Wings of Fire Book: The Hive Queen. Some of you might have noticed that the site has been updated to include the new book. Three guesses as to who added it to the site!

[Question Corner]

@vampiredragon5226
Becky's favorite game is Super Smash Bros, which is great because we're both playing Ultimate right now! We've been talking about playing against each other for a while but SOMEONE is a bit too scared :3
@wolf Good things come to those who wait! But I have a feeling you all will be happy sooner rather than later.
@emeraldgorilla Snow Patrol is great. A Hundred Million Suns is a fantastic album!

[Forum Prompts]

Imagine you're on a road trip with your Youtuber Dragonet best friend. What song would you pick to get them to sing along and what song would you pick to get them to stop the car???

[Recommended Reads]

I really like stormdragon2940's reboot of Dragonets of Destiny. I really like alternate takes on continuity as a big DC Comics fan so I highly recommend their take. : /347904

I also REALLY love this post that I 100% recommend you read: /344922?page=10#post_4835833

(this is real Becky back for a sec for an important message re: yesterday's drama and also Mario you're the one who's afraid, I'm a Smash Champion)

I banned the beetleclaws alt, they had apologized to Lost and I think overall the drama has subsided so there's no reason for that account to continue and no reason to ban anyone else. I'm really glad to see Lost and Rune are working it out, and overall even though some people were passionate on either side of the issue it was worked out between you all in the end.

For everyone to remember for the future:
-If you have an issue with someone's RP, it's always better to summon them and talk it out
-If you see someone already getting piled on, take a moment to remember there is a post delay and there are probably even more posts commenting on the issue in the queue. So unless you are personally involved (in this case it was just Lost and Rune), really think about whether your post will help or hurt.
-You never know someone's personal circumstances outside the forums or how they'll interpret or react to a message

Hey Becky, could you tell me why one of my posts isn't going through? It's a parody fanfic called "Wings of Fire-Rewritten" but everytime I try to post it, it doesn't go through. Does it have anything innaproppriate in it? If so, can you tell me what it was so I can remove it?

Mario : admin

Hey everybody!

I hope you all enjoyed your weekends. I watched two movies, played a ton of Smash, and pet my dog so my weekend was pretty great!

A few answers to your questions.

BOOK CODES
These are a feature to keep track of the books you already have to earn bonuses on our older games (Spirit Animals, TombQuest, etc). As you've probably noticed, Wings of Fire 9 and onwards do not have the book code button on them. That's because we're planning on doing something else that's even COOLER in the future. Book codes will not be going away for our previous games, however.

BOWSER AND PRINCESS RESCUING
I've beaten around 16 Super Mario games...BUT you don't rescue anyone in Super Mario Land 2 so 15 times rescues. And Bowser is the bad guy of 13 of them (as he's not the bad guy of SMB2, Land, or Land 2). I'm probably forgetting some!
